Certification of Digital Competences

We work for the primary purpose to support and promote digital culture and e-competences through the certification of competences according to the Lifelong Learning principles.

We are an “EiCenter”, for training people, public employees and trainers to acquire the European International Passport (EiPass), recognised at European level.

Erasmus for Young Entrepreneurs

We promote the European Programme “Erasmus for Young Entrepreneurs” to set up projects of entrepreneurial cooperation, both in sending and in hosting, thanks to the partnership with the local contact point Materahub.

Erasmus for Young
Entrepreneurs

Erasmus+ Traineeship

FuturoDigitale works as
intermediator between foreign
Universities and Italian organisations,
in order to promote the international
mobility of students and the creation
of internship opportunities in Italy.

Courses and certification of Italian language in Italy

Thanks to an agreement with the “*Società Dante Alighieri*”, main entity for the certification of knowledge of Italian language, FuturoDigitale organises courses every week and also cultural excursions.

The courses allow foreigners to learn and certificate the Italian language.
