

17th International Symposium
"TOPICAL PROBLEMS IN THE FIELD OF ELECTRICAL AND POWER
ENGINEERING"
and
"DOCTORAL SCHOOL OF ENERGY AND GEOTECHNOLOGY III"
January 15 - 20, 2018, Kuressaare, Estonia

Call for papers

○ <https://www.ttu.ee/egdk/eng/>

○ Organizing Committee

General Chairman

Dmitri Vinnikov (TUT, Estonia)

Co-Chair

Elizaveta Liivik (TUT, Estonia)

Program committee members

- Vanja Ambrožič (University of Ljubljana, Slovenia)
- Margus Arak (EMÜ, Estonia)
- Antero Arkkio (Aalto University, Finland)
- Alecksey Anuchin (MPEI; Russia)
- Grzegorz Benysek (University of Zielona Góra, Poland)
- Frede Blaabjerg (Aalborg University, Denmark)
- Klodian Dhoska (Polytechnic University of Tirana, Albania)
- Ilya Galkin (RTU, Latvia)
- Manfred Glesner (TU Darmstadt, Germany)
- Liisa Haarla (Aalto University, Finland)
- Trieu Minh Vu (TUT, Estonia)
- Tapani Jokinen (Aalto University, Finland)
- Marius Klytta (THM, Germany)
- Tõnu Lehtla (TUT, Estonia)
- Pia Lindh (Lappeenranta University of Technology, Finland)
- Mariusz Malinowski (WUT, Poland)
- Joao Martins (UNINOVA, Portugal)
- Hans-Peter Nee (KTH, Sweden)
- Asko Niemenmaa (Aalto University, Finland)
- Tauno Otto (TUT, Estonia)
- Andres Siirde (TUT, Estonia)
- Ivo Palu (TUT, Estonia)
- Ivars Rankis (RTU, Latvia)
- Leonids Ribickis (RTU, Latvia)
- Enrique Romero-Cadaval (UEX, Spain)
- Johannes Steinbrunn (Kempten University of Applied Sciences, Germany)
- Ryszard Strzelecki (Electrotechnical Institute, Poland)
- Pekka Särkkä (Aalto University, Finland)
- Mart Tamre (TUT, Estonia)
- Ingo Valgma (TUT, Estonia)
- István Vajda (BME, Hungary)
- Valery Vodovozov (TUT, Estonia)

○ Deadlines

- **26/11/2017**
Paper submission and online registration deadline
- **10/12/2017**
Paper acceptance notification
- **17/12/2017**
Final date for fee
- **07/01/2018**
Availability of the Symposium program

Eesti Maaülikool
 Estonian University of Life Sciences

The 17th International Symposium "TOPICAL PROBLEMS IN THE FIELD OF ELECTRICAL AND POWER ENGINEERING" and "DOCTORAL SCHOOL OF ENERGY AND GEOTECHNOLOGY III" is a great opportunity for engineering PhD students to present their research work on electrical engineering and other related areas. The Symposium is an activity specially intended for PhD students to present their research projects and to get in touch with many international PhD students and highly experienced professors and researchers from partner universities and enterprises.

For student activities please go to the Symposium web site (<https://www.ttu.ee/egdk/eng/>). You will get to know more about the previous editions of the Symposium.

○ Topics

The topics listed below do not exclude submission and presentation of papers from other specific fields related to the general theme of the Symposium:

- **Power Electronic Converters for Energy Generation, Transmission and Distribution**
- **Electrical Engineering, Electrical Drives, Electromagnetic Compatibility and Lighting**
- **Renewable Energy Systems and Microgrids**
- **Energy Saving and Power Management Systems**
- **Robotics**
- **Industry 4.0**

○ Special Sessions

In order to promote multidisciplinary collaboration between PhD students from different engineering areas, the following special sessions will be organized during the Symposium:

- **Mining and Geotechnology**
- **Mechatronics**
- **Mechanical and Industrial Engineering**
- **Thermal Engineering**
- **Education. Cooperation and Financing in Higher Education**
- **PhD Studies in European Universities: Possibilities and Opportunities**

○ Tutorials and Invited Lectures

In addition to the regular sessions organizers are inviting tutorials on various topics related to the general theme of the Symposium. A tutorial should present the state of the art technologies from Electrical and Power Engineering enabling PhD students to fully appreciate the current issues, main schools of thought, and possible application fields.

○ Symposium Venue

Symposium will be held in Saaremaa Spa Hotel Meri located by a beautiful seaside promenade, in the immediate vicinity of the yacht harbour and the Kuressaare Castle Park.

Kuressaare is the capital of Saaremaa island. The city, located at the Livonia Bay, has a territory of about 15 sq. km and a population of about 15,000. During recent years interest in Kuressaare has increased steadily and the number of visitors here has reached over 200,000 a year. Because of its mild maritime climate and soil rich in lime, Saaremaa has very rich flora and fauna.

Special bus transfer from Tallinn to the Symposium venue and back will be organized for registered participants according to the information provided on their registration form.

○ General Information

- The submission of papers (max volume of a paper is 10 pages) and proposals for tutorials can be electronically done by sending the file to the editor's e-mail address egdk.ttu@gmail.com.
- The working language of the conference is English, which will be used for all printed materials, presentations and discussions
- Accepted papers will be presented in oral sessions. Poster sessions are not scheduled
- Initial submissions must be full papers. No abstracts will be accepted
- Awards and certificates will be given for the best presenter of every regular session
- Special award will be given to the most active participant during the Symposium
- Best papers submitted and presented during the Symposium will be recommended for publication in high-rank journals

○ Symposium Fee

- **200 EUR** (including VAT) for professors and attendees with PhD degree
- **150 EUR** (including VAT) for PhD students

Symposium Pack will include participation in all working sessions (5 days), a copy of the symposium publications, welcome reception, Gala Dinner, afternoon coffee breaks, special tours, transportation to the Symposium venue and return to Tallinn.
