## EXCHANGE STUDIES

Tallinn University of Technology has over 500 partner universities worldwide, which allows for a process of student exchange between countries and continents. Incoming exchange students can choose lectures from the degree studies mentioned above. Local and foreign students have the opportunity to spend a term or a year abroad. Scholarships are available to fund your stay. More information is available at: [www.ttu.ee/exchange-studies](http://www.ttu.ee/exchange-studies).

## SUMMER SCHOOLS

During the summer, Tallinn University of Technology offers highly enjoyable and educational short-term courses in various fields, including Secure e-Governance, English Language and Nordic Culture, and Practical Robotics with 3D Printing. Information about summer schools is available at [www.ttu.ee/summerschools](http://www.ttu.ee/summerschools) and [summerschools@ttu.ee](mailto:summerschools@ttu.ee)

100% tuition fee waivers available for most programmes!  
 More information:  
[www.ttu.ee/programmes](http://www.ttu.ee/programmes)

### How to apply?

Complete your online application at: [estonia.dreamapply.com](http://estonia.dreamapply.com)  
 Upload your educational documents and proof of ability in English. Pay a non-refundable application fee of 100€ and upload the receipt. Further guidance regarding the next steps will be provided via the online application system. More information is available at: [www.ttu.ee/studying](http://www.ttu.ee/studying)

### Application deadlines

- 10 April** Non-EU citizens
- 1 May** EU, Turkey, Georgia, Russia, Ukraine, Belarus, and citizens of visa-free countries
- 1 August** Finland (School of Business and Governance)

## PRACTICAL INFORMATION

### Visa and residence permit

Non-EU students must apply for a Temporary Residence Permit (TRP) at the nearest Estonian consulate. A TRP allows students also to work during the course of their studies and stay in Estonia for six months after graduation in order to look for a job.

### Accommodation

- On campus in refurbished dormitories for around 125€ a month. Limited places available!
- Private rooms and apartments for rent - around 200-400€ a month

### Living expenses

Considerably lower prices than in Western Europe. Students can usually enjoy a comfortable life with around 200-250€ a month for food. Public transport in Tallinn is free for residents. Many discounts are available for students.

### International student ambassadors

'Student Ambassadors' advise prospective students, provide information about the university, and offer an insight into the life of international students in Tallinn. They have all had the experience of applying for a residence permit, choosing their lectures, and getting adapted to life in Estonia. Meet our ambassadors at: [www.ttu.ee/studentambassadors](http://www.ttu.ee/studentambassadors)

### Scholarships

Scholarships are available to help students fund their studies. All students are eligible for a performance-based scholarship, and speciality scholarships and tuition fee waivers are offered in certain fields (more with IT and engineering). There are more options available for Master's students. In addition to scholarships for all of the Master's programmes that are offered by the university, scholarships are also available from the Estonian government and the Ministry of Foreign Affairs as well. More information is available at: [www.ttu.ee/scholarships](http://www.ttu.ee/scholarships) and [www.studyinestonia.ee/scholarships](http://www.studyinestonia.ee/scholarships)

## ENGLISH LANGUAGE PREP-YEAR COURSE

A one-year programme that enables students to improve their general and academical English, developing all four language skills (reading, writing, listening, and speaking), as well as grammar, vocabulary, and public speaking.

**How to apply?** complete your online application at [estonia.dreamapply.com](http://estonia.dreamapply.com). Upload your educational documents, CV, and motivational letter. Further guidance regarding the next steps will be provided via the online application system. **Application deadline:** early bird - 31 March (fee 3,700€), or final deadline - 1 May (fee 4,100€).
