

Expat Relocation Estonia helps expats focus on their work and family from the day they arrive in Estonia. Expat Relocation Estonia services include:

- Finding a home in Estonia, incl. recommendations, property inspection, negotiating, reviewing and translating contracts on your behalf, communicating with landlords, help with utility contracts – internet connection, cable TV, water, electricity, etc;
- Help with any bureaucracy you may encounter, incl. driving licences, diplomas, certificates. We come with you to authorities, translate, explain and advise on the best and simplest course of action required to get what you need;
- Services for accompanying family members – help with finding schools and kindergartens for your children, work or social engagement opportunities for spouses or partners, social activities, excursions, nature trips, etc;
- Helpline that you can call, should you run into any difficulties adapting to life in Estonia
