

Data specialist:

Solina group (1685 employees, 18 production sites in Europe and locations in 17 countries) imagines, conceives and develops ingredient solutions for food industries. Our mission: << **Create Solutions for Tomorrow's Food**>>.

A data specialist intern is needed for a period of minimum three months to migrate information from our previous system to our group system. Knowledge of databases and SQL will be an advantage. We expect you to have good analytical and organizational skills. Good language skills are a requirement, because the work will require you to have cooperate with colleagues across Europe. You should be willing to travel around Northern Europe to attend trainings, meetings etc.

You will report to IT Project Leader Northern Europe.

If you are interested, please send your application by mail to jeppe.roege@solina-group.dk specifying in the subject line reference "data specialist".
